Mr. Butler,

ORS witness Dr. Douglas Carlisle has discovered an error in one of the calculations contained in his Direct Testimony which was filed with the Commission on Monday.

In order to provide the other parties and the Commission with an opportunity to review Dr. Carlisle's revision as early as possible, rather than making a correction from the witness stand, ORS requests permission to file a revised version of Dr. Carlisle's Direct Testimony and exhibits tomorrow.

While the correction only affects one of Dr. Carlisle's exhibits and a short section of testimony, we propose filing a completely revised version of testimony and exhibits so as not to confuse the two versions. We will provide a statement explaining in detail the revisions in a cover letter.

Please let me know if you have any questions regarding this matter.

Jeffrey M. Nelson
